Hôm nay bạn sẽ học các từ về sức khoẻ và luyện so sánh hơn, so sánh nhất, cùng các cấu trúc too / enough / so / such. Bạn cũng làm quen với dạng bài chọn câu gần nghĩa nhất – dạng bài 'khó nhằn' nhưng rất hay gặp trong đề thi chuyên đấy!

Cụm động từ

- **get over**: khỏi (bệnh), vượt qua (cú sốc, nỗi buồn). *It took me two weeks to get over my cold.*

2. Ngữ pháp: Comparatives & superlatives; too / enough; so / such

- So sánh hơn: tính từ ngắn + -er + than (fitter than, healthier than); tính từ dài: more + adj + than (more nutritious than). So sánh nhất: the + adj-est / the most + adj. Bất quy tắc: good – better – the best; bad – worse – the worst; far – farther/further – the farthest/furthest.
- too + adj + (for sb) + to V = quá … đến nỗi không thể: The box is too heavy for me to carry.
- adj + enough + to V = đủ … để; enough + N + to V = đủ (cái gì) để: He is tall enough to reach the shelf. / We have enough time to finish.
- so + adj/adv + that …; such + (a/an) + adj + N + that … = quá … đến nỗi mà: The race was so long that I felt tired. / It was such a long race that I felt tired.

Swimming is better exercise than watching TV! · Hoa is the fastest runner in our class. · This soup is too hot to eat now. · It was such a hot day that we stayed inside.

Lỗi hay gặp: Sai: She is enough old to join the team. → Đúng: She is old enough to join the team. (enough đứng SAU tính từ nhưng đứng TRƯỚC danh từ: enough money).

3. Cấu tạo từ: un-, im-, in-, dis-

Thêm tiền tố un-, im-, in-, dis- vào trước từ để tạo nghĩa phủ định (không, trái lại). im- thường đi với từ bắt đầu bằng p hoặc m (possible → impossible, patient → impatient). Tiền tố không làm thay đổi từ loại.

healthy → **unhealthy** happy → **unhappy** possible → **impossible** patient → **impatient** active → **inactive** like → **dislike** agree → **disagree**

>
> Everything changed when his school organised a 5 km fun run. Vinh's best friend, Khoa, persuaded him to sign up. At first, Vinh couldn't run for more than five minutes without stopping. 'It felt impossible,' he remembers.
>
> With Khoa's help, Vinh started to work out three times a week. He also changed his diet. He avoided sugary drinks and ate more fish, eggs and vegetables. Slowly, he became fitter and stronger.
>
> After two months, he hurt his ankle and had to rest for ten days. He was disappointed, but he didn't give up. On the day of the race, he finished in 31 minutes, faster than Khoa! Now Vinh says the race was the best thing that happened to him last year.
